PETITION UNDER 37 C.F.R. 1.181 TO WITHDRAW HOLDING OF ABANDONMENT-OFFICE ACTION NOT RECEIVED

Sir:

Applicants hereby petition the United States Patent and Trademark Office to withdraw the holding of abandonment in the above-identified patent application, on the grounds that the Notification of Missing Requirements (Notification) forming the basis for abandonment was not received.

In response to the Notice of Abandonment Under 37 CFR 1.53(f) Or (g), dated March 1, 2004, Applicants submit the following:

1. Copy of the Notice of Abandonment Under 37 C.F.R. 1.53(f) or (g);
2. Response to the Notification of Missing Requirements including:
 - a) Copy of the Notification of Missing Requirements;
 - b) A Combined Declaration and Power of Attorney executed by the inventors;

- c) An Assignment of Invention and Recordation Form Cover Sheet; and
 - d) A check in the amount of \$170.00 (\$130.00 for filing Combined Declaration later than 30 months after the priority date and \$40.00 for Assignment Recordation Fee);
- 3. Declaration of Rose Schifano, with Exhibit A attached thereto, in Support of Applicants' Petition; and
 - 4. Declaration of Danielle Pastore, with Exhibits B and C attached thereto, in Support of Applicants' Petition.

The Notice of Abandonment dated March 1, 2004 indicates that on February 6, 2002 an Office Action, namely a Notification to File Missing Requirements, was mailed to the Applicants, but the Applicants never responded. Applicants hereby state that the subject Notification was not received by Applicants' attorneys of record. Applicants have searched the file jacket of the above-identified patent application and the docket records and mail log lists maintained by the offices of Hoffmann & Baron, LLP, attorneys for Applicants, and have confirmed that the Notification was not received.

It is our office policy to attach all correspondence from the United States Patent and Trademark Office to the file jacket of the Hoffmann & Baron file to which the correspondence pertains. Applicants' attorneys have searched through the contents of the file jacket of Hoffmann & Baron File No. 442-134 PCT/US, pertaining to the above-identified patent application, and I have not found the subject Notification dated February 6, 2002.

Furthermore, it is our office policy to record all incoming mail according to the Hoffmann & Baron file number to which the incoming mail pertains. The enclosed

Application No.: 10/018,639
Filing Date: December 19, 2001
Docket No.: 442-134 PCT/US
Page 3

Declaration of Rose Schifano, with Exhibit A attached thereto, shows that no mail was received by this office for the subject application between February 6, 2002 and March 8, 2002. It is respectfully submitted that if the Notification, dated February 6, 2002, had been received, it would have been recorded on the mail log list shown in Exhibit A to Ms. Schifano's Declaration. (Kindly note that there are no entries for "442-134 PCT/US" on the mail log lists of Exhibit A.)

Finally, it is also our office policy that if any Office Action is received by Hoffmann & Baron, LLP, the due date for responding to the Office Action is entered into our docketing system according to the relevant file number to which the Office Action pertains. The enclosed Declaration of Danielle Pastore, with Exhibits B and C attached thereto, shows that no docketing entries were made with respect to Hoffmann & Baron File No. 442-134 PCT/US. It is respectfully submitted that if the subject Notification, dated February 6, 2002, was received by our office, an entry would have been made in both our computer docketing system and our manual back-up docketing system for a response to be filed on April 6, 2002. Exhibits B and C to Ms. Pastore's Declaration show that no such docketing entries were ever made.

Applicants respectfully submit that the foregoing proves that the Notification of Missing Requirements, dated February 6, 2002, was never received by Applicants attorneys of record. Upon receiving the present Notice of Abandonment, Applicants' attorneys contacted the PCT Initial Patent Examination Division and have since obtained a copy of the missing Notification.

Together with this Petition, Applicants now file a Response to the Notification in

Application No.: 10/018,639
Filing Date: December 19, 2001
Docket No.: 442-134 PCT/US

which Applicants submit a Combined Declaration and Power of Attorney executed by the inventors, along with the fee for filing a late Declaration. Accordingly, Applicants respectfully request withdrawal of the holding of abandonment in this case.

It is believed that no fee is due for the herein petition under 37 CFR 1.181 to withdraw the holding of abandonment. If however it is deemed that any fees are required, please charge any additional fees or credit any overpayment to deposit account no. 08-2461.

In considerations of these submissions, it is respectfully requested that the holding of abandonment be withdrawn.

Respectfully submitted,
